

Anti-NRAMP2 (Natural resistance-associated macrophage protein 2) Polyclonal Antibody

Cat. #: 60B528

Description:

NRAMP2(Natural resistance-associated macrophage protein 2) is a macrophage-specific membrane transporter. NRAMP2 is important in metal transport, in particular iron. It is an integral membrane protein and is expressed at low levels in all tissues analyzed. NRAMP2 belongs to the NRAMP family.

Immunogen/Specificity:

Polyclonal antibody produced in rabbits immunizing with a synthetic peptide corresponding to N-terminal residues of human NRAMP2 (Natural resistance-associated macrophage protein 2)

Clone Number:

Isotype:

Species: Human

Storage and Stability: at -20oC

Storage buffer:

This antibody is stored in PBS, 0.01% sodium azide and 50% glycerol.

Preparation:

Purified by antigen-specific affinity chromatography.

Applications :

ELISA

Western Blotting (1µg/ml for 2hrs)
