

Anti-DDX3X(DEAD-box protein 3, X-chromosomal) Polyclonal Antibody

Cat. #: 60B702

Description:

DDX3X (DEAD-box protein 3, X-chromosomal) is a putative ATP-dependent RNA helicase. DDX3X interacts specifically with hepatitis C virus core protein resulting in a change in intracellular location.

Clone Number:

Isotype:

Species: human, mouse, rat

Storage and Stability: at -20°C

Immunogen/Specificity:

Polyclonal antibody produced in rabbits immunizing with a synthetic peptide corresponding to N-terminal residues of human DDX3X (DEAD-box protein 3, X-chromosomal)

Storage buffer:

This antibody is stored in PBS, 0.01% sodium azide and 50% glycerol.

Preparation:

Purified by antigen-specific affinity chromatography.

Applications :

ELISA

Western Blotting (1 µg/ml for 2 hrs)
