

Anti-ZGC: 153631 Protein Polyclonal Antibody

Category: Polyclonal Antibody

Catalog#: AB1J181

Species Reactivity: Zebrafish(Danio rerio)

Immunogen/Specificity:

Polyclonal antibody produced in rabbits immunizing with a synthetic peptide corresponding to N-terminal residues of Zebrafish(Danio rerio) ZGC:153631 Protein

Description: ZGC:153631 Protein contains 3 Tumor necrosis factor receptor (TNFR) domains; they are superfamily of TNF-like receptor domains. When bound to TNF-like cytokines, TNFRs trigger multiple signal transduction pathways, they are involved in inflammation response, apoptosis, autoimmunity.
