

Anti- vjbR(HTH-type quorum sensing-dependent transcriptional regulator vjbR) Polyclonal Antibody

Category: Polyclonal Antibody

Catalog #: AB2L193

Species Reactivity: Bacteria: Brucella suis (Brucella melitensis biovar Suis)

Immunogen/Specificity:

Polyclonal antibody produced in rabbits immunizing with Bacteria: Brucella suis whole expressed protein of vjbR(HTH-type quorum sensing-dependent transcriptional regulator vjbR).

Description: The vjbR(HTH-type quorum sensing-dependent transcriptional regulator vjbR) functions as a transcriptional regulator mediating the effects of the quorum sensing autoinducer C12-HSL (N-dodecanoyl-homoserine lactone). The vjbR(HTH-type quorum sensing-dependent transcriptional regulator vjbR) contains 1 HTH luxR-type DNA-binding domain.
